Women small business fund \$185

Note:

Extended expenses on a foreign visitor, return of children from schools for 1st term holidays and general price rise of virtually all commodities has contributed to a rise in our expenses. Rise in price of fuel became a major alarm.

Support is spread on the following.

1. Transport:
 - a) to preach in Jinja, Tororo and Kampala,
 - b) to transport Christians to church for worship
 - c) to transport children to school
2. Church rent, lighting and water.
3. Family needs: Rosemary's family and mine:
 - a) Food for the family
 - b) Others (medications, clothing, house help, toiletry, etc)
4. Utilities: Rosemary's family and mine, (Electricity, water, postal services, communication, others),
5. School fees and scholastic materials paid in: January, April and August, for Rosemary's family and, mine,
6. Helps to destitute brethren during emergencies, for example, a sister's son was discharged from hospital the week ending 11th May 2008 and the medical bill was \$120. Please register our thanks for great support to Uganda.
